Structure in the morning. Community at night.

A recovery meeting every day, outpatient at least three days a week, an 8 PM curfew, and a weekly house meeting where wins get recognized. Suboxone and Vivitrol are supported through our clinical partnership with Allegheny Health Network. Narcan is on site. Our Recovery Points system rewards consistency, and daily peer support connects residents to the wider network.

WHY "VERA'S PLACE"

Named for a mother who never got her chance at recovery.

Vera R. Williams was small in stature but brave, with a heart of gold. We lost her in 2018 in the middle of her own battle with substance use, before she could begin her recovery. Today she is still a safe haven for people facing the same road, through her son Randall, her grandchildren, and every life this house touches.
